

# SPECIAL SHELTERS

NATO STOCK NUMBER: TO CONSULT

## DESCRIPTION

Hispano Vema designs, develops and manufactures communications shelters to meet high-level demands in terms of performance requirements and climatic conditions. Made in aluminium using state-of-the-art technology, these shelters are at the forefront of the market worldwide and facilitate the integration of communications, saving space and optimizing operative efficiency.

The shelters are manufactured to meet the specific requirements of customers, RFI protection, watertightness, lightweight, with levelling systems, etc.
